

EMILIANO LOZA CEDILLO

SOFTWARE DEVELOPER

emiliano-lozac@gmail.com | 22 years old | León, Guanajuato, México.

I am a recent graduate and currently working as a Backend Developer at a software startup. As a self-taught professional, I have a strong passion for problem-solving and enjoy collaborating in team environments.

KEY ACHIEVEMENTS

Second Place in the "VW Desafío Guanajuato 2.0"

Participated in the "Digital Communication 4.0" project, where my team and I leveraged advanced technology to solve a critical issue in the production line at Volkswagen's Silao plant, which manufactures parts for various car models. Competing against 14 teams, we secured second place. This challenge helped me develop essential skills, such as:

- Problem-solving under pressure.
- Teamwork and time management.
- Implementation of agile methodologies like Scrum for project organization and execution.

PROFESSIONAL EXPERIENCE

Wicode Startup

Sep 2023 - Currently

Started as a backend developer trainee and was promoted to a full-time position after completing the internship. Currently contributing as a backend developer.

- Acquired and applied skills in:
- Microservices architecture.
- Serverless backend development.
- CI/CD workflows for efficient deployment pipelines.
- Version control systems for collaborative software development.

Actively involved in backend development, working in a fast-paced startup environment to deliver high-quality solutions.
